

Title

Team ELEY® welcomes Donald Hamblin

Copy

Donald Hamblin's benchrest shooting credentials are impressive. Last year he won the Professional Shooting League (PSL) Main Event, was placed 2nd at the PSL Holeshoot Arms, and took 2nd at the American Rimfire Association (ARA) A-Line National Championship. With five perfect ARA targets outdoors and two indoors, and a current ARA ranking of 2nd place, Donald is one of the sport's top competitors.

With the 2018 PSL Main Event and ARA National Tournament approaching Donald tested the latest lots of ELEY® tenex in the US in his Muller Works barrel. After an outstanding test Donald found three batches that performed better than his old ammunition, stating "this is the best ELEY® I have ever shot". He was so impressed he signed up to team ELEY® there and then!

ELEY's line-up of top benchresters is now even stronger with Donald on their team. Donald is the latest addition to their squad of shooters, and the latest to benefit from the exceptional ammunition being produced by the UK company. A new proof range record of 2.64mm radial shot diameter confirms ELEY's status as the world's leading 22LR manufacturer. A great present on the company's 190th anniversary! Visit www.eley.co.uk/test-ranges to book your place at one of ELEY's worldwide test ranges.

Good luck to Donald at the 2018 ARA and PSL finals.

ENDS

Notes to Editors

ELEY®, the leading British engineering company, was established in 1828 and is globally recognised as the premier manufacturer of .22LR rimfire ammunition. The highly qualified team based at our UK production facility includes internationally recognised specialists in internal and external ballistics, powder dynamics, and metrology. The ELEY® product range includes ELEY® tenex, the world's most successful .22LR competition cartridge.
