Rules 2023

The ELEY Benchrest Masters Competition is an individual 50m Benchrest event designed to be a fun introduction to global online competitions. It's not every day you get to shoot against a competitor across the world from the comfort of your own shooting range! Think of it as a digital global postal competition.

The rules are simple, once you have entered into a Benchrest Masters Competition and ELEY have created your Online Competition Dashboard, you will find (6) Unique Codes within your dashboard. You have one code for each of your six targets. Write one code on each of your targets, have your range officer sign them before you start your competition. It's up to you now, you have one month (1) to complete all six (6) targets. Scores and photographs of all targets must be uploaded before 11.59pm on the last day of the competitive month.

Scores must be verified and signed by a club member. Scores will be verified by ELEY upon receipt in the digital database. A results table is populated as scores are received.
